

# PRATHAMA DAS

BSC Nursing Student

I am a professional BSC nursing student with 3 years of experience. As a third-year nursing student, I've had the privilege of gaining hands-on experience in various healthcare settings, honing my clinical skills and enhancing my ability to collaborate within multidisciplinary teams. My rotations in medical-surgical, pediatric, Mental-Health, have allowed me to witness diverse patient cases and develop a strong sense of adaptability in dynamic healthcare environments.
